EDUCATION

University of Caloocan City

2022 - 2026

- Bachelor of Science in Entertainment and Multimedia Computing (BSEMC)

TECHNICAL SKILLS

- **Game Development** – Unity, Netcode for GameObjects, C#, scene/level design
- **Programming** – C#, Java, basic web programming (HTML/CSS/JS), backend logic
- **Project Management** – Task delegation, sprint planning, team coordination
- **3D Modeling & Animation** – Maya, basic rigging, animation pipelines
- **2D Art & Design** – Concept art, UI design, sprite creation, Photoshop

UNIVERSITY PROJECTS

Pabili! Sari-sari Store Simulator | Technical Artist & Programmer

2026

- Developed a 2D management simulator focused on the cultural nuances of a sari-sari store, incorporating debt mechanics and customer service loops.
- **Key Contributions**
 - Programmed 100% of interactive UI screens and core C# economy logic; Optimized C# scripts to ensure smooth performance across mobile and PC platforms; Drafted 80% of visual concepts; Designed scenes layout; Produced character sprites; Animated characters using the built-in rigging animation feature in Unity and UI through manual programs such as Co.

Pigment Wars | Project Manager, Technical Artist, & Programmer

2025

- Engineered a high-paced 3D multiplayer game involving real-time tile-coloring and countdown mechanics.
- **Key Contributions**
 - Led a team through the full development lifecycle; Designed every scenes of the project; Assisted in creating UI sprites and programming with Netcode and core functions; Modeled 60% of 3D objects; Animated player movements.

Lava Tower Rush | Leader, Game Designer, & Programmer

2024

- Designed an intense 2D vertical platformer featuring procedurally rising hazards and survival-based progression.
- **Key Contributions**
 - Programmed the entire game architecture in C# and designed all level layouts in Unity

Task Tracker | Leader & Programmer

2024

- Built a Java-based productivity application featuring customizable data input and automated deadline reminders.
- **Key Contributions**
 - Architected the backend logic for data persistence using Java and designed a clean, user-centric interface.

Goodnight | Concept Designer & Character Artist/Animator

2024

- Collaborated on a 2.5D horror-themed escape game focused on nightmare-based environments.
- **Key Contributions**
 - Responsible for all the visual concepts; created enemy and player sprites and animated its movements.

Goodnight | Concept Designer & Character Artist/Animator

- Collaborated on a 2.5D horror-themed escape game focused on nightmare-based environments.
- Key Contributions**
 - Responsible for all the visual concepts; created enemy and player sprites and animated its movements.

2024

Luminous | Character Artist/Animator

- A 2D platformer challenging players across three progressive levels of difficulty.
- Key Contributions**
 - Produced the sprites for the player and enemy; animated the monements and attack projectiles.

2023

WORK EXPERIENCE

Natugen Software Development Service | Game Artist Intern

- Specialized in creating high-quality character illustrations for digital card games, ensuring a consistent art style across 20+ unique assets.
- Collaborated with the development team to ensure character designs met technical requirements for game engine integration.
- Participated in creative sprints, contributing to the visual identity and thematic consistency of active game projects.

July - August, 2025

Commission on Audit (COA) | Administrative Intern

- Streamlined office operations by assisting in the management and digitization of sensitive audit documents and government records.
- Performed high-volume data entry and administrative tasks with strict attention to detail and confidentiality.
- Streamlined data entry workflows, reducing document processing time by approximately 15% for the department.
- Coordinated communication between departments, ensuring efficient workflow and document tracking.
- Assisted in the preparation of official reports and clerical duties to support senior audit staff.

May - July, 2025

AWARDS & ACHIEVEMENTS

- Dean’s Lister** – Multi-semester Dean's Lister for maintaining high GPA standards.
- Latin Honor** – Graduating Cum Laude
- Academic Standing** – Ranked Top 26 with a 1.26 General Weighted Average (GWA).
- Computer Studies Department Exhibition Accolades** – Earned 13 individual awards and 6 trophies for excellence in game design and technical execution.
